

IN THE SPECIFICATION:

Insert the following new paragraph between lines 27 and 28 of page 8:

As used herein, "display area of the axis" means an axis of the graph that is displayed on the screen and which has markings denoting different values of the graph along that axis. For example, in Fig. 2 the DTA values are plotted along the Y-axis which has markings denoting the values -1.187, 0.100, 1.386, 2.673 and 3.960 μ V.
